Intro: C  G  F  C  F  C  G

C         G    F           C
 Honey, I know you've been alone some,
F              C           G
 Why don't you 'phone some, 'cause I love you.
C             G    F          C
 An' honey, I know I've been away some,
F            C            G
 I've had to pay some and  you have too.

Chorus:
F                    C                F
 But the one thing I know: that when I, I
             C
turn out the li___ght,
F           C    E                  Am
 Visions of you, dear, dance in the night.
G         C        G
I've been put down, pushed around,
F               C
apprehended and led downtown.
    F                      C
An' I can't help it if I'm out of sight,
            G             C     G F C F C G
'Cause I'm   rest____less tonight.

F             G            C
 I just can't stand bein' alone.
F              G                C
 Gonna have to change that some day.
F              G             C     CM9
Get a restless feelin' in my bones an' I
F
know,
        C                        G
That at times, it just won't go away.

C                  G
So if it's all the same, honey,
  F              C
I can't take the blame, baby,
  F                      C
I can't play your game, honey,
G
  what's true is true.
C               G            F
 And if, in the end, the temptation wears you
C
thin, honey,
      F            C              G
I'll, I'll just pretend that I'll leave it up to you.

turn out the li___ght,
F           C    E                  Am
 Visions of you, dear, dance in the night.
G         C        G
