Dark clouds hangin' over me

E
When will they go away?

E B
Rain is in my eyes and I can't see

Life's become just cloudy days

Why she done me like she done
I guess I'll never know
She knows I need her more than anyone
I made a point to let it show

[illegible]

Stormy weather will you always be around?

When I'm down, I can't stand cloudy days

I recall a time when times were good
Lord, it seems so long ago
But you know they say if rain won't come
Then love has no chance to grow

Cloudy days don't the sun ever shine anymore?
Stormy weather will you always be around?
When I'm down, I can't stand cloudy days

Cloudy days don't the sun ever shine anymore?
Stormy weather will you always be around?
When I'm down, I can't stand...

Cloudy days don't the sun ever shine anymore?
Stormy weather will you always be around?
When I'm down, I can't stand cloudy days

Stormy weather will you always be around?
When I'm down, I can't stand cloudy days
