# Don't gimme that (To mi nedělej) - Aloha from hell

So it's over and your heart is on the floor.
And you need a way to run and hide.
Now you're knocking on my door.
Tryin' to pick it up and save your pride.

You can say it but ive heard it all before.
How i never showed a sad good bye.
The one you still adore.
And how you never meant to make me cry.

You were the one who let me down,
You were the one who fool around.
Now iam your lost and proud,

Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that.
(Sorry realy doesn't mean a thing)

When i can't belive a word you say
I'm not your puppet on a string.
Left aside until you want to play

You were the one who let me down,
You were the one who fool around.
Now i am your lost and proud,

Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.

So it's over and your heart is on the floor.
And you need a way to run and hide.
Now you're knocking on my door.
Tryin' to pick it up and save your pride.

Aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that, aha, aha, aha.
Don't gimme that.(Gimme that, gimme that, gimme that, gimme, gimme, gimme that)
Don't gimme that.
