Feels Like Sand - Anna Ternheim

```
Dmi              Ami               Dmi
I know you have no place left to go
Dmi            Ami                  Dmi
I'm your last escape so I've been told
Dmi      Ami       Cmi       Gmi
you get paranoid drinking on your own

Dmi           Ami              Dmi
 I've been replaced by you before
    Dmi           Ami                Dmi
I'm just another corpse along your road
Dmi    Ami              F      G             A
No regretful eyes can win my sympathy this time

Dmi   F    C                  G
Halo halo, above your head today
Bb      C                    Dmi  G
 saying you're a changed man now
Bb   C    Dmi                 G
Halo halo, above your head today
Bb          C          Dmi
 feels like sand in my eye

Dmi           Ami             Dmi
Giving every promise bitter ends,
Dmi              Ami                Dmi
 disappointment walks with you my friend
    Dmi      Ami           Cmi     Gmi             Dmi
I'm not the only one you hurt a dozen times or more,
   Ami                F      G             A
regretful eyes can't win my sympathy this time

Dmi   F    C                  G
Halo halo, above your head today
Bb      C                    Dmi  G
 saying you're a changed man now
Bb   C    Dmi                 G
Halo halo, above your head today
Bb          C          Dmi
 feels like sand in my eye
