Of Wolf And Man - Metallica

Off through the new day's mist I run
off from the new day's mist I have come
I hunt
therefore I am
harvest the land
taking of the fallen lamb

off thruogh the new day's mist I run
off from the new day'smist I have come
we shift
pulsing with the earth
company we keep
roaming the land while you sleep

shape shift nose to the wind
shape shift feeling I've been
move swift all senses clean
earth's gift back to the meaning back to the meaning
of life

bright is the moon high in starlight
chill is the air cold as steel tonight
we shift
call of the wild
fear in your eyes
it's later than you realized

shape shift nose to the wind
shape shift feeling I've been
move swift all senses clean
earth's gift back to the meaning back to the meaning
 of life

I feel I change
back to a better day
hair stands on the back of my neck
in wildness is the preservation of the world

so seek the wolf in thyself

shape shift nose to the wind
shape shift feeling I've been
move swift all senses clean
earth's gift
back to the meaning of wolf and man
