# Self Made Man - Queen

Hoo

See your face - you've got no-one ...
Gotta win this place - the known promised land
Don't hold you
Don't let it
You better
You bet it
It's gonna hold you
You bet it's gonna take control
That tears your soul

Trust - that will make you self believe
To be a self made man
Turn that stuff - ...
To be a self made man
Got a heavy job - don't make them ... (... time)
To be a self made man

inaudiable background chat

Do you wanna be my honey?
Do you wanna be my girl?
Do you have the time to meet me?
Do you wanna be my honey?
Do you wanna be my girl?
Do you have the time to meet me?
Yeah

Self made, self made man

Ooh - oh that will make you self believe
Turn that stuff, figure base, no-one lucky man
Win this place, known promised land
To ... me

To be a self made man
Do do do to be a self made man
Do do do to be a self made man
Self made man
Self made man
