Saturday Night is Over (MB Hymnus) - Monkey business

There is one thing you have to know
Everybody wants to do it
We have a job to blow
Tonight we’ll play a killer show
'Cause everybody wants to do it
Everybody here we go
Things you won't hear on radio
And everybody wants to do it
…
This monkey crew just won't say no
And everybody wants to do it
…

Saturday, Saturday, Satur- Saturday
Satur- Saturday night is over
Saturday, Saturday, Satur- Saturday
Satur- Saturday night is over

Fred Wesley came to help us out
Now everybody wants to do it
We have a job to blow
Nine was the number of the cloud
Now everybody wants to do it
Everybody here we go
He knew what funk is all about
Now everybody wants to do it
…
That's why we cooked for him a trout
Now everybody wants to do it
…

Saturday, Saturday, Satur- Saturday
Satur- Saturday night is over
Saturday, Saturday, Satur- Saturday
Satur- Saturday night is over

Please stop for a moment
I am gonna tell you how to move
Scream and move your booty
Get up move your asses to the groove

(trombone solo)

Everybody wants to do it
Hi David thank you
We are not sure he understands
Everybody wants to do it
We have a job to blow
He sent his tapes we had no chance
And everybody wants to do it
Everybody here we go
We had to jump right up and dance
Now everybody wants to do it
…
