# I Guess We're Falling Out - Queen

You stabbed your knife right in my back
Was it just something that I might have said
Does this mean we're falling out
I guess this means that our luck has fallen out
If you wanna make a go
Da da da da da da stay

I guess we're falling out
It was just one long and long race
I guess we're falling out
Guess we're falling out
Da da da da da da stay

Hmm da da, right in my yeah
Oh oh da da da da da da way
Aaah de da da da
Da da da daaa da da da da da da
De de de da da da da de dum da da da da da way

I guess we're falling out
It was just one long race
I guess we're falling out
Falling out
Yeah yeah falling out falling out yeah
Two three four
