Boil Them Cabbage Down - Traditional

```
Intro :
G   C   G   D   G   C   G  D  G
G                     C
Went up on the mountain
G                               D
Just to give my horn a blow
G                            C
Thought I heard my true love say
G         D               G
Yonder comes my beau

Refrain
G                     C
Boil them Cabbage down
G                               D
Turn them hot cakes round
G                     C
The only song that I can sing
G         D               G
Is Boil them cabbage down

G                     C
Took my gal to the blacksmith shop
G                                     D
To have her mouth made small
G                     C
She turned around a time or two
        G           D              G
And swallowed shop and all

G                     C
Boil them Cabbage down
G                               D
Turn them hot cakes round
G                     C
The only song that I can sing
G         D               G
Is Boil them cabbage down

G                     C
Possum in a Simmon tree
G                         D
Raccoon on the ground
G                         C
Raccoon says you son-of-a-gun
         G         D               G
Shake some Simmon's down

G                     C
Boil them Cabbage down
G                               D
Turn them hot cakes round
G                     C
The only song that I can sing
G         D               G
Is Boil them cabbage down

G                     C
Someone stole my old 'coon dog
```

```
G                              D
Wish they'd bring him back
G                                   C
He chased the big hogs through the fence
             G             D               G
And the little ones through the crack

G                     C
Boil them Cabbage down
G                              D
Turn them hot cakes round
G                     C
The only song that I can sing
G         D               G
Is Boil them cabbage down

G                     C
Met a possum in the road
G                D
Blind as he could be
G                                    C
Jumped the fence and whipped my dog
       G         D        G
And bristled up at me

G                     C
Boil them Cabbage down
G                              D
Turn them hot cakes round
G                     C
The only song that I can sing
G         D                  G
Is Boil them cabbage down

G                     C
Once I had an old gray mule
G                      D
His name was Simon Slick
G                              C
He'd roll his eyes and back his ears
       G            D               G
And how that mule would kick

G                     C
Boil them Cabbage down
G                              D
Turn them hot cakes round
G                     C
The only song that I can sing
G         D               G
Is Boil them cabbage down

G                     C
How that mule would kick
G                           D
He kicked with his dying breath
G                                   C
He shoved his hind feet down his throat
       G            D             G
And kicked himself to death

G                     C
