Used to be - Monroe, Bill

```
     C                                     C7
Well you don't love me anymore my darling
F        G                 C
I'm just a used to be to you
Those cold cold kisses that you gave me little darling
Proved to me you found somebody new

F                              C
Tomorrow's just another lonesome day
    F                        G
And I know you'll want me far away
 C                                    C7
Well you don't love me anymore my darling
F        G                 C
I'm just a used to be to you

Gone are the good old days that we spent together
And I don't know if I can stand the pain
Of knowing that you'll soon be gone forever
And I'll never know your love again
