# Snuff - SlipKnot

```
intro: F#m, E, D, A

Verse:
 F#m                  E   D      A
Bury all your secrets in my skin
 F#m                       E  D                       A
Come away with innocence, and leave me with my sins
 F#m                        E       D      A
The air around me still feels like a cage
 F#m                          E   D                   A
And love is just a camouflage for what resembles rage again…

Pre Chorus: F#m, E, D, A

Chorus:
                        E                       F#m
So if you love me, let me go. And run away before I know.
                              E                                F#m
My heart is just too dark to care. I can't destroy what isn't there.
                    E                           F#m
Deliver me into my Fate - If I'm alone I cannot hate
                       E
I don't deserve to have you…
    D                                                   A    F#m
My smile was taken long ago / If I can change I hope I never know

Pre Verse: F#m, E, D, A
    F#m                  E     D        A
I still press your letters to my lips
     F#m                       E   D                       A
And cherish them in parts of me that savor every kiss
   F#m                        E   D         A
I couldn't face a life without your light
    F#m                           E  D
But all of that was ripped apart… when you refused to fight

Chorus:
                                E                              F#m
So save your breath, I will not hear. I think I made it very clear.
                           E                                F#m
You couldn't hate enough to love. Is that supposed to be enough?
                             E                                   F#m
I only wish you weren't my friend. Then I could hurt you in the end.
                           E
I never claimed to be a Saint…
    D                                                          A   F#m
My own was banished long ago / It took the Death of Hope to let you go

Solo: F#m, E, D, A

Chorus:
                              E
So Break Yourself Against My Stones
                           F#m
And Spit Your Pity In My Soul
                      E
You Never Needed Any Help
                        F#m
```

```
You Sold Me Out To Save Yourself
                        E
And I Won't Listen To Your Shame
                           F#m
You Ran Away - You're All The Same
                   E
Angels Lie To Keep Control…
    D
My Love Was Punished Long Ago
                                   A   F#m       E  D
If You Still Care, Don't Ever Let Me Know
 D                                 A   F#m
If you still care, don't ever let me know…
