City Of Blinding Lights - U2

```
G                    D
The more you see the less you know
C                            D
The less you find out as you go
G                 D   C
I knew much more then that I do now

G           D
Neon heart, day glow eyes
C                  D
A city lit by fire flies
G                   D
They're advertising in the skies
    C
For people like us

H     C
And I miss you when you're not around
H           C
I'm getting ready to leave the ground

D              C                  G, D, C
Oh you look so beautiful tonight
G           D           C
In the city of blinding lights

G            D
Don't look before you laugh
C                   D
Look ugly in a photograph
G            D
Flash bulbs, purple irises
C
The camera can't see

G             D
I've seen you unafraid
C
I've seen you in the clothes you made
G               D        C
Can you see the beauty inside of me
G                    D            C
What happened to the beauty I had inside of me

D     C
And I miss you when you're not around
D           C
I'm getting ready to leave the ground
D               C                 G, D, C
Oh, you look so beautiful tonight
       G    D           C
In the city of blinding lights

D, G, A    D, G, A
      Time,      time,    time, time
D          C
Time won't leave me as I am
    D                  C
But time won't take the boy out of this man
```

```
D               C
Oh, you look so beautiful tonight
D               C
Oh, you look so beautiful tonight
D               C                 G, D, C
Oh, you look so beautiful tonight
          G    D           C
Yeah, the city of blinding lights

G                 D
The more you know the less you feel
C                     D
Some pray for, other steal
G                               D
Blessings are not just for the ones who kneel
C      G, D, C
Luckily
```
