

## Fallen Angel - Alphaville

Emi G C  
I hear those voices on the radio, I switched it off because she  
H  
told me so

Emi G C H  
She's an investigator, she's like an elevator

Emi G C  
Nobody told me we'd be all alone, you know somewhere my friend he'd  
H  
left me in that red light zone you know

Emi G  
She said: I've seen your deepest secrets, son they're just as  
C H  
lightning in the look of your eyes

Ref.:

C D G  
I said: I want you, Baby, I said: I want some more, I said: I never  
F  
ever felt it like that moment before

C D Emi C  
She's an assassin, she's melting steel in my heart, but I beg for  
more.

C D  
She said: I want your body, she said: I want your soul, she said: A  
G F  
fallen angel takes it but she'll never let go

C D Emi C  
She's an invader -- She's from another world, but I beg for more  
Gmi A# D#  
and moooooore

Emi G C  
She's raising feelings cutting like a knife, she's pouring fire into  
H  
my liquid life

Emi G C  
There's no escaping from her mysteries, she gives me kisses of the  
H  
stangest kind

Emi G  
She says: I know you'll like it, so come over here, she says: Just  
C H  
let that rhythm filter through your body, dear

Emi G  
and then she... She always did it and she always will, she'll stay that  
C H  
hunter 'till the end of time
