

## Slow it down - Amy MacDonald

Capo on the 2nd fret

Intro: x2

C Em Am F

C Em Am F

I never knew you before

I've been walking around with my eyes on the floor

But now you're everywhere to me

You're every face that I see

Things ain't moving quick enough for me

C

I guess I've been running 'round town

Leaving my tracks

Burning out rubber

Driving too fast

But I got to slow right down

Back to the moment the very start

From the very first day you had my heart

But I got to slow right down

Slow it down

C Em Am F
