

## In My Life - Beatles

          G      Emi   G7  
There are places I'll remember  
          C Cmi          G  
all my life thought some have changed  
          G      Emi   G7  
Some forever not for better  
          C Cmi      G  
some have gone and some remain  
          Emi              C  
All these places had their moments  
          F                  G  
with lowers and friends I still can recall  
          Emi              A7  
Some are dead and some are living  
          Cmi              G  
In my life I've loved them all

But of all these friends and lowers  
there is no one compares with you  
And these memories lose their meaning  
when I think of love as something new  
Though I know I'll never lose affection  
for people and things that went before  
I know I'll often stop and think about them  
In my life I love you more

Though I know I'll never lose affection  
for people and things that went before  
I know I'll often stop and think about them  
In my life I love you more  
In my life I love you more
