Some other guy now

some other guy now

is takin' away my sweet desire
some other guy now

D9 D D7

I'm the lonely one as lonely as I can feel all right.

Some other guy now

is sippin' up the honey like a yellow dog

some other guy now

has taken my love just like I'm gone

some other guy now

has taken my love away from me

I'm the lonely one as lonely as I can feel all right.

Some other guy

is makin' me very very mad

some other guy now

is breaking my padlock off my pad

some other guy now

she was the first best girl I ever had

I'm the lonely one as lonely as I can feel all right

I'm a talkin' to you right now.
