Old Love - blues

I can feel your body
When I`m lying in my bed
There's too much confusion
Going around through my head

And it makes me so angry
I know the flame will always burn
flame will allways burn
And Why can't I get over?
And When will I ever learn

You just my
Old love, You are, You are,
You just my
Old love, You are, ouuuuu

I can see your face
But I know it's not real
It's just, just an illusion
Caused how I used to feel

And it makes me so angry
I know the flame will always burn
flame will always burn
And Why can't I get over?
And When will I ever learn

You just my
Old love, You you are, only You are, only you are
only you my Old love, it’s just old

I can feel your body
When I`m lying in my bed
There's too much confusion
Going around through my head

And it makes me so angry
I know the flame will always burn
flame will allways burn
And Why can't I get over?
And When, and When will I ever learn
You just, just my old love, you are, only you are, only you are, you are my old love, you just
