

Back My Mind Again - -country

E C#mi
I took some time to clear my mind
A E H
And give myself a change of atmosphere
E C#mi
I had some fun lying in the sun
F# H
Daytona's nice this time of year
E C#mi
I saw lovers hand in hand building castles in the sand
A F#
And doing all the things we did back then
A H E A
But just when I think I'm through loving you
E H E E7
You're back on my mind again.

A H
Back on my mind, time after time
E A
I wonder if this heart will ever mend
E H E A
Cause just when I think I'm through loving you
E H E
You're back on my mind again.

I came out of my shell really doing well
I met someone who thinks the world of me
She talks of rings and whispers loving things
She's everything you'd want a girl to be
V3 (banjo, violin)
But when she holds me tight the feeling isn't right
It seems as though I'm never gonna win
Cause just when I think I'm through loving you
You're back on my mind again
