Who´ll Stop The Rain

G - F#/D - Emi - F#/D - G

   G                       C                G
1. Long as I remember, the rain been coming down
   G                             C             G
   Clouds of mystery pourin', confusion on the ground
   C                    G     C                  G
   Good men through the ages, trying to find the sun
   C             D               Em              G
   And I wonder, still I wonder, who'll stop the rain

   G                             C                G
2. I went down Virginia, seeking shelter from the storm
   G                Hm       C                 G
   Caught up in the fable, I watched the tower grow
   C                        G      C                 G
   Five year plans and new deals, wrapped in golden chains
   C             D               Em              G
   And I wonder, still I wonder, who'll stop the rain

   G                           C
3. Heard the singers playing, how we cheered for more
       G                   Hm     C              G
   The crowd had rushed together, tryin' to keep warm
   C                    G        C             G
   Still the rain kept pourin', falling on my ears
   C             D               Em
   And I wonder, still I wonder, who'll stop the rain
