

The Mabon - Damh the Bard

Emi
Twisting shapes in the moonlight,
Hmi D Emi
I hear the rhythm of the distant Pagan drums,
Gmi
Within the hills,

Emi
Shadows dance in the sunlight,
Hmi D Emi
I feel the power of the wise and ancient ones,
Gmi
Now I must go.

Climb:
Ami
Beyond the world we see,
G Hmi
Where Spirit runs with bull and stallion,
Ami G H7
Cross Earth and Sky and Sea, the Mabon I shall be.

Chorus:
Emi D Hmi Emi
By Earth and Water, Air and Fire,
D Emi
With blood and spirit and desire,
D Emi Hmi
A fire in my head I will wear the antlered crown.

Fires burning at midnight,
Across the world I hear my story being told,
Father and Son.
Chanting voices at midnight,
Are singing songs about the power that I hold,
The newborn Sun.
(Climb, Chorus)

Chorus 2:
Emi D Emi
And in the forest dance with me,
D Emi
And in your heart you shall be free,
D Emi Hmi
For I am you, and you shall find that you are me.

Shadows cast in the sunlight,
I see my children turn their eyes towards the sky,
Towards the Sun.
Dawn of life in the sunlight,
Mithras, Osiris, Dionysis, Herne and Pan,
We all are one.
