

## The Mabon - Damh the Bard

Emi  
Twisting shapes in the moonlight,  
Hmi D Emi  
I hear the rhythm of the distant Pagan drums,  
Gmi  
Within the hills,

Emi  
Shadows dance in the sunlight,  
Hmi D Emi  
I feel the power of the wise and ancient ones,  
Gmi  
Now I must go.

Climb:  
Ami  
Beyond the world we see,  
G Hmi  
Where Spirit runs with bull and stallion,  
Ami G H7  
Cross Earth and Sky and Sea, the Mabon I shall be.

Chorus:  
Emi D Hmi Emi  
By Earth and Water, Air and Fire,  
D Emi  
With blood and spirit and desire,  
D Emi Hmi  
A fire in my head I will wear the antlered crown.

Fires burning at midnight,  
Across the world I hear my story being told,  
Father and Son.  
Chanting voices at midnight,  
Are singing songs about the power that I hold,  
The newborn Sun.  
(Climb, Chorus)

Chorus 2:  
Emi D Emi  
And in the forest dance with me,  
D Emi  
And in your heart you shall be free,  
D Emi Hmi  
For I am you, and you shall find that you are me.

Shadows cast in the sunlight,  
I see my children turn their eyes towards the sky,  
Towards the Sun.  
Dawn of life in the sunlight,  
Mithras, Osiris, Dionysis, Herne and Pan,  
We all are one.
