```
[Intro]
G  G/D  x4

[Verse 1]
G              Em             D                        C          G
  Almost Heaven, West Virginia, Blue Ridge Mountains, Shenandoah River.
G                    Em                   D                          C
  Life is old there, older than the trees, younger than the mountains, growin'
         G
like a breeze.

[Chorus]
        G              D            Em        C
Country Roads, take me home, to the place I belong
        G               D             C             G
West Virginia, mountain mama, take me home, country roads.

[Verse 2]
G               Em                 D               C                G
 All my memories  gather 'round her, miner's lady, stranger to blue water.
G                Em                  D                         C              G
  Dark and dusty, painted on the sky, misty taste of moonshine, teardrop in my eye.

[Chorus]
        G              D            Em        C
Country Roads, take me home, to the place I belong
        G               D             C             G
West Virginia, mountain mama, take me home, country roads.

[Bridge]
Em          D/F#          G
 I hear her voice, in the mornin' hour she calls me.
    C       G              D
The radio reminds me of my home far away.
    Em              F            C              G
And drivin' down the road I get a feelin' that I should have been home
D                D7
yesterday, yesterday.

[Chorus]
        G              D            Em        C
Country Roads, take me home, to the place I belong
        G               D             C             G
West Virginia, mountain mama, take me home, country roads.

        G              D            Em        C
Country Roads, take me home, to the place I belong
        G               D             C             G
West Virginia, mountain mama, take me home, country roads.
