```
[Intro]
    G       Am
Oooohhh's,  &  La's
    D       C       G
    G       Am
    D       C       G

[Sloka]
    G                   Am
The man in me will do nearly any task,
    D             C                                 G
And as for compensation, there's little he would ask.
       G
Take a woman like you
        C                     G
To get through to the man in me.

    G                    Am
Storm clouds are raging all around my door,
    D               C                      G
I think to myself I might not take it any more.
       G
Take a woman like your kind
   C               G
To find the man in me.

[Refrén]
     Am                    G
But, oh, what a wonderful feeling
Am                           G
  Just to know that you are near,
Am                   G
  Sets my a heart a-reeling
       Am           D
From my toes up to my ears.

[Sloka]
    G                              Am
The man in me will hide sometimes to keep from bein' seen,
    D                      C                                 G
But that's just because he doesn't want to turn into some machine.
       G
Took a woman like you
   C                          G
To get through to the man in me.
