Garfunkel & Oates - Loophole

Bb C Bb C Fsus4 F

Fsus4 Bb

All my life I've been good

F C

Do what my mom and dad and God say I should

F Gmi

Go to church and Bible School

C F

To live by God's rule

Ami Bb

So whatever people tell me, that the Bible tells me

C F

I will do

F Bb
Walk the halls of high school with my purity ring

Dmi C

Unlike those other girls, I got my morals in check

F Bb

It was easy to do 'til I got a boyfriend

Dmi G7

And pardon my French, but he's cute as heck

Bb F Bb F

But I made a pact to keep my hymen intact

Bb C

And Jesus and I are tight

F Bb

Never learned about the birds and the bees

Dmi C

I was taught to keep an aspirin in-between my knees

F Bb

'Cause The Bible says premarital sex is wrong

Dmi G7

But Jason says that guys can't wait that long

Bb F Bb F

I don't wanna lose him to someone who'll do him

Bb C

I need to figure something out

F Bb

Well, there's a loophole in The Scripture that works really well

Dmi Cadd9

So I can get him off without going to hell

F Bb

It's my Hail Mary, full of grace

Dmi G

In Jesus' name, we go to fifth base

Dmi G

Oh, thank you for making me holy

Dmi G

And thank you for giving me holes to choose from

Bb C

And since I'm not a godless whore

Bb C
 He'll have to come in the back door, therefore

F Bb
 Fuck me in the ass 'cause I love Jesus
 Dmi Bb C
 The good Lord would want it that way
 F Gm7 Bb G
 Gimme that sweet sensation of a throbbing rationalization
 Bb C Csus4 C
 It's just between you and me
 Bb C
 'Cause everyone knows it's the sex
 F
 That God can't see

F Bb
 It's hard to be as pure as me
 Dmi Dmi7 C
 To resist the urge to lose my vaginal virginity
 F Bb
 To wait until my marriage bed
 Dmi G7
 To give my husband my unsullied maidenhead

Bb F Bb F
 So take your cock out, shove it in my ass
 Bb C
 Fuck me until you cum!
 Bb F Bb F
 oops! I mean let's join our souls and unite our bodies
 Bb C C7
 And fly with the wings of God

F Bb
 Whatever you do, don't touch my clitoris
 Dmi C
 If you ring Satan's doorbell, God can't ignore this
 F Bb
 And no prophylactics when you put it in
 Dmi G7
 'Cause birth control's for sluts and it's a sin

Bb F Bb F
 I've emptied my bowels and laid out the towels
 Bb C
 I'm ready for romance

F Bb
 Now I'm praying to the Power that's the Highest
 Dmi C
 But of all of my holes, this one's the driest
 F Bb
 And we can't procreate if we anally copulate
 Dmi G7
 And God's okay with sodomy, but only if you're straight

Bb C Csus4 C
 And I'm staying pure, no matter what
 Bb C Bb C
 So I'm okay with everything, but... everything, but...
 B7 C7

Everything butt...

F Bb
Fuck me in the ass 'cause I love Jesus
Dmi Bb C
The good Lord would want it that way
F Gm7 Bb G
Gimme that sweet sensation of a rock-hard rationalization
Bb C Csus4 C
It's just between you and me
Bb C
'Cause everyone knows it's the sex
F
That God can't see

Dmi G
I do whatever The Bible tells me to
Dmi C
Except for the parts that I choose to ignore
Dmi C
'Cause they're unrealistic and inconvenient
Dmi Gsus4
But the rest I live by for sure

Bb C
So let's not talk about how the Good Book bans shellfish, polyester and divorce
Bb C
And how it condones slavery and killing gays, 'cause those parts don't count, of course
G7 Bb H7
Let's cherry-pick the part about losing my cherry and mine it for ambiguities and omissions
C C# Dmi Dmi7 G
To circumvent any real sacrifice, but still feel pious in my arbitrary parroted positions
F C Dmi7
And don't you dare question my convictions
G Gmi
And don't look closely at the contradictions
F C Dmi7
Just focus on the sacrificial crucifixion
G Gmi
And have faith in its complete jurisdiction

G
As the only way to measure if you're good or not
G7
And in a debate, just say to "have faith"
G7 C
'Cause when up against logic, it's the only card you've got

Bb
So close your eyes
C
Take a deep breath, and

F Bb
Fuck me in the ass 'cause I love Jesus
Dmi Bb C
The good Lord would want it that way
F Gmi7 Bb G
Gimme that sweet sensation of a irrational rationalization
Bb C
It's just between you and me
Bb C

'Cause everyone knows it's the sex

G7

That God can't see

Bb

C

Yeah, my chastity belt has locks

Bb

C

F

But sometimes you need to think outside the box
