ooh...    ooh...

C         Emi              F      C
Somewhere over the rainbow way up high
F       C                       G             Ami     F
And the dreams that you dream of once in a lullaby
C         Emi              F          C
Somewhere over the rainbow blue birds fly
F       C                        G                     Ami     F
And the dreams that you dream of, dreams really do come true
    C                          G                                  Ami   F
Someday I'll wish upon a star, wake up where the clouds are far behind me
      C
Where trouble melts like lemon drops
G                              Ami           F
High above the chimney tops is where you'll find me
C         Emi              F         C
Somewhere over the rainbow bluebirds fly
F       C                           G                 Ami     F
And the dreams that you dare to, oh why, oh why can't I?
            C       Emi        F            C
Well I see trees of green and red roses too,
F               C         E7     Ami
I'll watch then bloom for me and you
      F                G                Ami     F
And I think to myself, what a wonderful world
           C        Emi             F         C             F             C
Well I see skies of blue and I see clouds of white and the brightness of day
E7         Ami          F               G                 C        F    C
I like the dark and I think to myself, what a wonderful world
    G                       C
The colors of the rainbow so pretty in the sky
    G                    C
are also on the faces of people passing by
      F               C              F          C
I see friends shaking hands saying, ³How do you do?
F              C       Dmi7             G
They're really saying, I,      I love you
       C      Emi        F          C
I hear babies cry and I watch them grow,
F                  C     E7        Ami
They'll learn much more than we'll know
      F                G                Ami     F
And I think to myself, what a wonderful world
C                              G                                  Ami    F
Someday I'll wish upon a star, wake up where the clouds are far behind me
       C
Where trouble melts like lemon drops
G                              Ami           F
High above the chimney tops is where you'll find me
C         Emi              F      C
Somewhere over the rainbow way up high
