Your Turn - Helloween

```
A                  G#-F#m
Now there is this day, a lot of things are changing
E                    C#
Can't just kick it away, got to get things right
F#m                  G#-A
Sometimes it happens fast and nothin' seems to last
    D                            E
The thing that I once started isn't mine anymore
                F#m    E
I guess now it's my turn

Solo1

A                             G# -- F#m
You've got a face like a child, got a mind like a woman
E                     C#
Your smile is warm and tender
F#m                 G# --- A
I hear the people say that I should stay away
D                                 E
From you and all the problems you might bring
E             F#m
They'll never know-you
F#m         E                             A
Nobody ever knows what to do, they'll never see you cry
G#      F#m       E
They'll never know why

F#m-G#   D    E         F#m-G#      A  --- G#
Now it's your turn to break free
F#m             E                A
When you want it all you've got to see
F#m-G#   D    E         F#m-G#      A
Now it's your turn to break free
D                      E                        A  ----- G#
When you want the life you've got to see what it means

A                G#-F#m
See the little boy   holding mama's hand
D                                    E
His eyes can see the things we've long forgotten
F#m                 G# A
The world is easy now--and somehow
D                                     E
He's right until there is this day when Mickey Mouse must go away

F#m-G#   D    E         F#m-G#      A  --- G#
Now it's your turn to break free
F#m             E                A
When you want it all you've got to see
F#m-G#   D    E         F#m-G#      A
Now it's your turn to break free
D                      E                        A  ----- G#
When you want the life you've got to see what it means

Solo2
```

```
A
This world is crying to be free
G#          F#m
This world is dying can't you see
D                      E
We need a turn to do it right
                   F#m
We need a mind-revolution
                      Bm
To get away from this selfishness
              D           E
Stop playing blind--break free

F#m-G#   D    E         F#m-G#      A  --- G#
Now it's your turn to break free
F#m             E                A
When you want it all you've got to see
F#m-G#   D    E         F#m-G#      A
Now it's your turn to break free
D                      E                        A  ----- G#
When you want the life you've got to see what it means
