Little Wing - Jimi Hendrix

```
          Em                          G
Well she's walkin' through the clouds
       Am                               Em7
With a circus mind that's running wild
Bm                         Bbm7      Am                    G
Butterflies and zebras and moonbeams  and, uh fairy tales.
(spoken)
       Fadd9                       C               D
That's all she ever thinks about, riding with the wind.

         Em                  G
When I'm sad, she comes to me
        Am                             Em7
With a thousand smiles she gives to me   free.
Bm                         Bbm7      Am
It's alright, she says it's alright,
     C                 G
Take anything you want from me.
(spoken)
Fadd9    C   D        D
Anything     anything

Em    G                  Am7
      Fly on little wing

Em7   Bm7   Bbm7  Am   C    G   Fadd9   C   D   D

Em                     G
   Yea, yea, yea, yea   little baby

Am7   Em7
```
