

Saltwater - Julian Lennon

E
We are a rock revolving
Emaj7
Around the golden sun
E7 A
We are a billion children rolled into one
Am E C#m
So when I hear about the hole in the sky
C D E
Saltwater wells my eyes

We climb the highest mountains
We'll make the desert bloom
We're so ingenious we can walk on the moon
But when I hear of how the forests have died
Saltwater wells my eyes

[Ref]
A
I have lived for love
A
But now it's not enough
C#m
For the world I love is dying
C#m/H
And now I'm crying
A
And time is not a friend (no friend of mine)
A
As friends we're out of time
C#m H A G#m Gdim
And its slowly passing by
F#m
Right before my eyes

We light the deepest ocean
Send photographs of mars
We're so enchanted by how clever we are
Why should one baby feel so hungry she cries
Saltwater wells in my eyes
[Solo]

[Ref]
I have lived for love
But now it's not enough
For the world I love is dying
And now I'm crying
And time is not a friend (no friend of mine)
As friends we're out of time
And its slowly passing by
Right before my eyes

We are a rock revolving around the golden sun
We are a billion children rolled into one
What will I think of me the day that I die
Saltwater wells in my eyes
Saltwater wells in my eyes
