

## Dynamite tonite - Lordi

She's so cold  
Keeps her distance  
Icy queen

I've been told  
She's so sense  
has always been

pre Refrén

She'll need some warmin' up  
And I'll bring in the heat

Refrén

My glances burnin' hot  
Melt her  
Melt her meat

Gimme gimme fuel for my fire  
Just a little spark of desire  
For her delight  
I'll serve dynamite tonight

Who comes out as the winner  
When she starts to play the game

After the 2nd half  
She will never be the same

pre Refrén
