Rock the hell outta you - Lordi

Rock the hell out!!!

Come shove it in
Good ol'disorder
Some accidental homicides
I've been dead in the water

pre Refrén

Girlic power
Slam you naked on the floor
What do we have on store for you

Refrén

We rock the hell outta you
Rock the hell outta you
Let the angels be gone
Casting in the demons
Rock the hell outta you
Rock the hell outta you
Burnin' bright as the sun
Glowing hot like neon, yeah

Come let us make your
Sister twisted
Dresscode is leather with buzz-saws
Breath becomes fire as I kiss her

pre-Refrén

Refrén

Rock the-
Rock the hell out!

Entrancing jungle evil
Rammin' in the voodoo
We exorcise your angels
Cast the hellbeast into you
