Birds - Neil Young

```
 D                     G
Lover, there will be another one
Who'll hover over you beneath the sun
Tomorrow see the things that never come,
  D   G D
today

                      G          D
R: When you see me fly away without you,
     G                         D
   Shadow on the things you know
    G              F#mi
   Feathers fall around you,
         Emi                A
   and show you the way to go
        G    D      D7 G
   It's over;  it's over

Nestled, in your wings, my little one
Is special, morning brings another sun
Tomorrow, see the things that never come,
today
