Am                    C                    G                    D        D  
when you walk a thousand miles to see the end of the world  
Am                    C                    G                    D        D  
you have to deal with all the things that are on the road  
Am                    C                    G ----- D (1 2 3)  
if there's no one there to help you out then you are on your own

Chorus:

Em                    C                    G                    D        D  
there are no signs to tell you where you have to go  
Em                    C                    G                    D        D  
your destiny is to always just stay on your road  
Em                    C                    G                    D        D  
never look back at the times that you were scared or alone  
D                    Em    C G DD    Am C G DD

(scared or alone)

Verse 2:

Am                    C                    G                    D        D  
the ride is hard if you don't have any one safe and close  
Am                    C                    G                    D        D  
you have to find a way to hold your own course  
Am                    C                    G-----D        (1 2 3)  
and that's when you found the way to the end of the world

Chorus: Em

                  there are no signs.....                    FINISH
