People pretending everywhere it's just another day
                 Fsus2             G                       Am
There's bullets flying through the air and they still carry on
             Fsus2           G                      Am
We watch it happen over there and then just turn it off

             Fsus2       G                   Am

Am           Fsus2              G                   Am
They tell us everything's all right and we just go along
           Fsus2            G                            Am
How can we fall asleep at night when something's clearly wrong
             Fsus2              G                        Am
When we could feed a starving world with what we throw away
           Fsus2             G                          Am
But all we serve are empty words that always taste the same

BRIDGE
(F)                Dm                          Am
The right thing to guide us is right here inside us

No one can divide us when the light is nearly gone
                  G             N.C
But just like a heartbeat the drum beat carries on

And the drum beat carries on (just like a heartbeat)
