Sleeping Sun - Nightwish

```
Dmi                    C  Dmi
The sun is sleeping quietly
             C    F
Once upon a century
                C        F
Wistful oceans calm and red
                 C       Dmi
Ardent caresses laid to rest
                 C       Dmi
For my dreams I hold my life
                C       BB
For wishes I behold my nights
                        Gmi
A truth at the end of time
        C              Dmi
Losing faith makes a crime

   Dmi                           Bb         F
I wish for this night-time to last for a life-time
   Gmi        Dmi               Bb          F C
The darkness around me - shores of a solar sea
Dmi                   BB            C
Oh how I wish to go down with the sun
  F
Sleeping
  C
Weeping
      Dmi
With you

Dmi           C     Dmi
Sorrow has a human heart
                C      F
From my God it will depart
                    C       F
I`d sail before a thousand moons
                C       Dmi
Never finding where to go
     C       Dmi
222 days of light
           C          BB
Will be desired by a night
                          Gmi
A moment for the poet`s play
                        C       Dmi
Until there`s nothing left to say

   Dmi                           BB         F
I wish for this night-time to last for a life-time
     Gmi       Dmi              BB          F-C
The darkness around me - shores of a solar sea
Dmi                   BB            C
Oh how I wish to go down with the sun
  F
Sleeping
  C
Weeping
