```
Intro
-----
Piano part arranged for guitar

C     F        C        F

Verse 1
-------
C               G            Ami
Slip inside the eye of your mind
          E               F
Don't you know you might find
                                      play these 2 chords quickly
G                     C      Ami G
   A better place to play
C             G            Ami
You said that you'd never been
            E                   F
But all the things that you've seen
G               C     Ami G
   Slowly fade away

Pre-Chorus
----------
F                  Fmi          C
  So I start a revolution from my bed
        F                 Fmi            C
Cos you said the brains I had went to my head
F                  Fmi              C
Step outside, the summertime's in bloom
G
Stand up beside the fireplace
G#/E
Take that look from off your face
    Ami             G2            F2              G2
Cos you ain't ever gonna burn my heart ouuuuuuuuuuuuuuuut

NOTE: The G#/E chord could possibly also be played as G#/E7 (420100) and
I actually saw this chord tabbed in a guitar magazine  as (xx0101)!

Chorus
------
C  G         Ami        E              F
So Sally can wait, she knows it's too late
          G          C   Am G
as she's walking on by
    C    G        Ami  E                F             G
Her soul slides away,   but don't look back in anger
             C     G    Ami    E    F    G     C     Ami G
I heard you say

Verse 2
-------
same chords are used as in verse 1
```

Take me to the place where you go
Where nobody knows, if it's night or day
Please don't put your life in the hands
of a rock and roll band, who'll throw it all away

Pre-Chorus
----------
same chords as first pre-chorus

Gonna start a revolution from my bed
Cos you said the brains I had went to my head
Step outside, the summertime's in bloom
Stand up beside the fireplace
Take that look from of your face
Cos you ain't never gonna burn my heart out

Chorus again:
-------------
So sally can wait, she knows it's too late
as she's walking on by
Her soul slides away, but don't look back in anger
I heard you say

Guitar Solo
-----------
solo played over the chords from the pre-chorus

Chorus again

Chorus again
 but this time the song ends with:

```
C        G        Ami
                      long pause
Her soul slides away
```

sing the following parts moderately slow and play the guitar slowly one time

```
               F
But don't look back in anger
           Fmi
                        pause
Don't look back in anger
            C    G   Ami   E   F   G             C
I heard you say                      least not today
```
