

## I Guess We're Falling Out - Queen

You stabbed your knife right in my back  
Was it just something that I might have said  
Does this mean we're falling out  
I guess this means that our luck has fallen out  
If you wanna make a go  
Da da da da da da stay

I guess we're falling out  
It was just one long and long race  
I guess we're falling out  
Guess we're falling out  
Da da da da da da stay

Hmm da da, right in my yeah  
Oh oh da da da da da da way  
Aaah de da da da

De de de da da da da de dum da da da da da way

I guess we're falling out  
It was just one long race  
I guess we're falling out  
Falling out
