Mad The Swine - Queen

Been here before a long time ago
But this time I wear no sandals
Ages past I gave all you people
Food and water

Three feet tall so very small I'm no trouble
I bring thunder lightning sun and the rain
For all the people in the land

A message of love
I bring you from up above
All good children gather around
Come join your hands and sing along

They call me mad the swine
I guess I'm mad the swine
I've come to save you save you
Mad the swine
Mad the swine
So all you people gather around
Hold out your hands and praise the Lord

I walk upon the water just as before
I'll help the meek and the mild and believers and the blind
And all the creatures great and small
Let me take you to the river without a ford?fall
Oh and then one day you realise
You're all the same within His eyes
All I've come to say just like before

They call me mad the swine
I'm mad the swine
I've come to save you save you
Mad the swine
Mad the swine
So all you people gather around
Hold out your hands and praise the Lord
Ooh

Oh now
So all you people gather around
Hold out your hands and praise the Lord
Don't ever fail me

Mad the swine
Mad the swine
I've come to save you save you
Oh now
Mad the swine
Mad the swine
So all you people gather around
Hold out your hands and praise the Lord
Hands and praise the Lord
Praise the Lord
I'll get down on my knees and praise the Lord
