Rock It (Prime Jive) - Queen

When I hear that rock and roll
It gets down to my soul
When it's real rock and roll
When I hear that rock and roll
It gets down to my soul
When it's real rock and roll
Oh rock and roll
Oh Oh Oh Oh Oh Oh
You really think they like to rock in space
Well I don't know
What do you know?
What do you hear
On the radio?
Coming through the air
I said Moma
I ain't crazy
I'm all right - all right
Hey c'mon baby said it's all right
To rock'n'roll on a Saturday night
I said 'shoot and get your suit and come along with me'
I said 'c'mon baby down come and rock with me' I said 'yeah'
What do you do?
To get to feel alive
You go downtown
And get some of that prime jive
I said Moma
I ain't crazy
I'm all right - all right
Hey c'mon baby said it's all right
To rock'n'roll on a Saturday night
I said 'shoot and get your suit and come along with me'
I said 'c'mon baby down come and rock with me' I said 'yeah'
We're gonna rock it
Hey c'mon baby said it's all right
To rock'n'roll on a Saturday night
I said 'shoot and get your suit and come along with me'
I said 'c'mon baby down come and rock with me' I said 'yeah'
We're gonna rock it.......tonight
(We want some prime jive)
(We want some prime jive)...
We're gonna rock it tonight
(We want some prime jive)...
C'mon honey
