Silver Salmon - Queen

Ha, put a bit of those silver salmon, I don't think he knows it, but just, but just carry on

Ah

Just for doom.. just a rhythm to see it's...

Like silver salmon
She falls
They're all burning
Even ... yeah
Deep inside they're all burning

Look out silver salmon
Look out look out look out the silver salmon

All along the silver skies aah
More and in longing
All the need for silver aah
Went away

Salmon
Look out look out silver salmon
Ooh yeah

Seems to me sometimes she ...
She goes pleased
Her body lies burning
And falls into the cold sunrise

Ooh ooh aw
Oh!
Silver silver salmon
Silver silver
Running all along the silver salmon
She can ride the burning sky yeah
