

## Stealin' - Queen

Thats the way I am,  
Does anybody wanna know?  
This is the way I lead my life, you know,  
Wheelin' and dealin',and a little bit of stealin'

You know, that's the way I grew up,  
Its the only life I know  
That's the way my mama taught me

Ahh then go stealin'  
I gave you the key to my home,  
I left you alone, in charge of my heart,

hey stealin, you got me wheelin' and dealin  
Play with my feeling, write from the start.

I can afford to pay my rent  
I had to use my common sense  
to get some money I owed, mmm..

This guy said look at my head  
Makes an easy bread  
Stealin' is the only way that I know.

Stealin, yeah, only way that I know.....
