Everybody Hurts - R.E.M.

```
                    G           D
When the day is long, and the night,
                    G    D
the night is yours alone.
                               G
And you're sure you've had enough
       D            G    Emi
of this life to hang on.
                    A
Don't let yourself go,
Emi             A      Emi
cause everybody cries,
              A
and everybody hurts.
  D     G
Sometimes,
                          D    G
sometimes everything is wrong.
                        D         G
Now it's time to sing along hold on,

when your day is night alone
     D        G  D
hold on. hold on.

when you feel like let him go.
                          G
You think you've had too much
         D           G  Emi
of this life to hang on.
                A
Cause everybody hurts,
Emi                 A       Emi
to comfort in your friends,
           A    Fis
everybody hurts.
                  Hmi    Fis  Hmi  Fis
Don't throw your hand, ho-old on.
                  Hmi   C
Don't throw your hand.
                          G
If you feel like you're alone.
C               Ami   D
No, no, no, not alone.
                     G        D
If you're on your own of this life,
                     G    D
the days and nights alone.
                               G
When you think you've had too much
        D            G   Emi
of this life, to hang on.
               A
For everybody hurts,
   Emi                  A     Emi
for sometimes everybody cries.
          A
Everybody hurts.
```

Sometimes everybody hurts.
Sometimes, hold on, hold on, hold on,
hold on, hold on, hold on
