Some Girls - Racey

```
D               A
Some girls will,some girls won't
D                                  A                 (F#)
Some girls need alot of lovin' and  some girls don't
G                                  D
Well,I know I've got the fever but I don't know why
A                      A7         D
Some say they will and some girls lie

G                             D
So here I am in front of you  Not really knowing what to do
G                                  A
My heart is feeling something new  Nervously I turn away from you
G                                    D
I see those looks you're sending me  Is this the way it's meant to be?
E                                    A(+mute)
It's something we should talk about  Just give me time to work it out

Some girls will, some girls won't
Some girls need alot of lovin' and some girls don't
Well,I know I've got the fever but I don't know why
Some say they will and some girls lie

I find your company to be  Something completely new to me
Now that I know you socially  Obviously I'll fall heavily
I've seen those looks you're sending me  This is the way it's meant to be
There's nothing left to talk about  Oh,how I wish you'd work it out

Some girls will,and some girls won't
Some girls need a lot of lovin' and some girls don't
Well,I've got the fever but I don't know why
Some say they will and some girls lie

Some girls will (repeat and fade out)
