A A7 D
Some say they will and some girls lie

G D
So here I am in front of you Not really knowing what to do
G A
My heart is feeling something new Nervously I turn away from you
G D
I see those looks you're sending me Is this the way it's meant to be?
E A(+mute)
It's something we should talk about Just give me time to work it out

Some girls will, some girls won't
Some girls need alot of lovin' and some girls don't
Well, I know I've got the fever but I don't know why
Some say they will and some girls lie

I find your company to be Something completely new to me
Now that I know you socially Obviously I'll fall heavily
I've seen those looks you're sending me This is the way it's meant to be
There's nothing left to talk about Oh, how I wish you'd work it out

Some girls will, and some girls won't
Some girls need a lot of lovin' and some girls don't
Well, I've got the fever but I don't know why
Some say they will and some girls lie

Some girls will (repeat and fade out)
