45 miles - Rock

```
 G    D       Emi
Here comes the night
  G   D        Emi
A veil over the light
       Ami        G
In the distance some shadows of the
 D
clouds in the sky
   Ami      G                   D
I've got to get home, to my child,

my wife

G     D             Emi
Here comes the night
                 A                        D
I'm scared to death, got to get me a ride
D7                       G
It looks like the road is swallowing me up
G7         C            G                         D
Got to hurry home, don't dare to look back
     Emi                    C
Blueville is straight ahead

Ref:
G        D            Emi
Another 45 miles to go
G         D                Emi
Another 45 miles before I'm home
Ami        G           D
I wish I could pay the sun to run
Ami               G             D
Then I had some more time, with my wife, my
son

Clouds in the sky
Gathering for a fight
Chasing their prey till it can't go on
I mend my pace 'cos my bride is waiting home

Here comes the night
I'm scared to death, got to get me a ride
It looks like the road is swallowing me up
Gotta hurry home, don't dare to look back
Blueville is straight ahead

I wish the sunlight was burning in my eyes
Ami       G                 D
instead of shades black faces of the sky
