D/F# 200232

[Intro]

Em D/F# G C G x2

[Verse 1]

Em D/F# G  
The howling moon would cry  
C G  
I'd sleep the sun away  
Em D/F# G  
I was just a child  
C G  
I knew I was afraid  
Em D/F# G  
There was nothin' to gain, I found  
C G  
By runnin' the other way  
Em D/F# G  
I had to stand my ground  
C G C D Em G  
And keep the wolves at bay

[Chorus]

C D Em G  
But I knew somehow  
C D Em G  
There would come a day  
C D Em  
So I stood my ground  
G C  
Kept the wolves at bay

[Interlude]

Em D/F# G C G x2

[Verse 2]

Em D/F# G  
Would not take no more  
C G  
Had my fill  
Em D/F# G  
Stars had faded from my eyes  
C G  
And run from looks that kill  
Em D/F# G  
There was no one comin' around  
C G  
To save me from the fray  
Em D/F# G  
I had to stand my ground  
C G C D Em G  
And keep the wolves at bay

[Chorus]

C D Em G  
But I knew somehow  
C D Em G

There would come a day  
           C                          D  Em  
 When I stood my ground  
 G                          C          D  Em  G  
 Kept the wolves at bay  
           C                          D  Em  G  
 But I knew somehow  
           C                          D  Em  G  
 There would come a day  
           C                          D  Em  
 So I stood my ground

 Kept the wolves at bay

[Interlude]

[Verse 3]

Em  D/F#          G  
 Years have gone by  
           C                          G  
 The callin' carries on  
 Em  D/F#          G  
 Scars above my eye  
           C                          G  
 Are tender to the bone  
 Em                  D/F#          G  
 And though I've settled down  
           C                          G  
 I hear the children say  
 Em  D/F#          G  
 You have to stand your ground  
           Em          D/F#          G  C  D  Em  G  
 And keep the wolves at bay

[Chorus]

          C                          D  Em  G  
 Well, I knew somehow  
           C                          D  Em  G  
 There would come the day  
           C                          D  Em  
 When I stood my ground  
 G                          C          D  Em  G  
 Kept the wolves at bay  
           C                          D  Em  G  
 Well, I knew somehow  
           C                          D  Em  G  
 There would come the day  
           C                          D  Em  
 So I stood my ground  
 G                          C  
 Kept the wolves at bay
