

## Nothing to Hide - - Známé Songy

-----  
Diego Garcia – Nothing to hide  
-----

Doporučuji hrát C s 3. prstem na E struně a 4. prstem na A struně, zní to líp. :)

C, D, C, D

C  
Walking away, now I got nothing to say  
                  Em  
You got me so down  
C  
It seems like you know, what I'm been trying to show  
                  Em  
You know what I found

C  
People can talk, will this ever stop?  
                  Em  
How can you stand this?  
C  
Come over here, you know the skies all be clear  
                  Em  
Right from the first kiss

F          G  
In my heart  
                  F  
I got nothing to hide  
F          G  
In my heart  
                  C  
I got nothing to hide

C, Em, C, Em

C  
It's hard to move on when the feelings are gone  
                  Em  
You know that love fades

F          G  
In my heart  
                  F  
I got nothing to hide  
F          G  
In my heart  
  
I got nothing...

C  
Baby!  
                  F7maj      Emi      Dmi      C  
You know the skies will be clear

C

And, Baby!

F7maj Emi Dmi

Oh, how I wish you were here!

Dál se to už jen opakuje.
